

# FLORA OF CHANDRA PRABHA WILDLIFE SANCTUARY, UTTAR PRADESH

ISBN: 978-81-970647-8-4

Authors: **Achuta Nand Shukla & Nitisha Shrivastava**

The state of Uttar Pradesh has 25 wildlife sanctuaries that play a key role in biodiversity conservation in the state. Chandra Prabha Wildlife Sanctuary is the first declared sanctuary in Uttar Pradesh in year 1957. Sanctuary has a luxuriantly growing forest area. The book entitled 'Flora of Chandra Prabha Wildlife Sanctuary' documents 270 species belonging to angiosperms and pteridophytes. The book contains detailed taxonomic treatment for each species. Simple and easy keys have been provided for delimitations of taxa. Colourful photoplates have been provided for easy identification of interesting plants. Along with phenology of species, details of examined specimens, Beautiful maps and graphs have also been provided. Index to the botanical names and references increases the utility of the book. Authors are in strong belief that book will be helpful for students, scholars, scientists, policy makers, nature conservationists and tourists.
