

Reference list for the genus *Daucus* L.

Genus ID : A-416.018

- 1 Nowicka A, Sliwinska E, Grzebelus D, Baranski R, Simon PW, Nothnagel T, Grzebelus E 2016 Nuclear DNA content variation within the genus *Daucus* (Apiaceae) determined by flow cytometry *Scientia Horticulturae* 209 132-138
- 2 Sharma AK, Ghosh C 1954 Cytogenetics of some of the Indian umbellifers *Genetica* 27 17-44
- 3 Sharma AK, Bhattacharyya NK 1959 Further investigations on several genera of Umbelliferae and their interrelationships *Genetica* 30 1-68
- 4 Bell CR, Constance L 1960 Chromosome numbers in Umbelliferae II *American Journal of Botany* 47 24-32
- 5 Subramanian D 1986 Cytotaxonomical studies in south Indian Apiaceae *Cytologia* 51 479-488
- 6 Krishnappa DG, Basappa AN 1988 SOCGI plant chromosome number reports - VI *J Cytol Genet* 23 38-52
- 7 Mulligan GA 1984 Chromosome numbers of some plants native and naturalized in Canada *Naturaliste Canad* 111 447-449
- 8 Iovene M, Cavagnaro PF, Senalik D, Buell CR, Jiang J, Simon PW 2011 Comparative FISH mapping of *Daucus* species (Apiaceae family) *Chromosome Res* 19 493-506
- 9 Baranski R, Maksylewicz-Kaul A, Nothnagel T, Cavagnaro PF, Simon PW, Grzebelus D 2012 Genetic diversity of carrot (*Daucus carota* L.) cultivars revealed by analysis of SSR loci *Genet Resour Crop Evol* 59 163-170
- 10 Spooner D, Rojas P, Bonierbale M, Mueller LA, Srivastava M, Senalik D, Simon P 2013 Molecular Phylogeny of *Daucus* (Apiaceae) *Systematic Botany* 38 850-857
