

**Reference list for the genus *Maranta* L.**

**Genus ID : A-087.001**

Serial No. Authors Year Title of the Paper Journal Volume Page No./DOI/ISBN No. Editors Name of the book Publisher Place

1 Sharma AK, Mukhopadhyaya S 1984 Feulgen microspectrophotometric estimation of nuclear DNA of species and varieties of three different genera of Marantaceae Proc Indian Acad Sci (Plant Sci) 93(3) 337-347

2 Sato D 1960 The karyotype analysis in Zingiberales with special reference to the protokaryotype and special karyotype Scientific Papers, College of General Education, University of Tokyo (Biol Part) 10 225-243

3 Simmonds NW 1954 Chromosome behavior in some tropical plants Heredity 8 139-146

4 Mukhopadhyaya S, Sharma AK 1987 Karyomorphological analysis of different species and varieties of Calathea, Maranta and Stromanthe of Marantaceae Cytologia 52 821-831

5 Venkatasubban KR 1946 A preliminary survey of chromosome numbers in Scitaminaeae of Bentham and Hooker Proc Indian Sci Acad Sect B (23) 281-300

6 Sharma AK, Bhattacharyya NK 1958 Inconstancy in chromosome complements in species of Maranta and Calathea Proc Nat Inst Sci India 24B (3) 101-117

7 Bharathan G, Lambert G, Galbraith DW 1994 Nuclear DNA content of monocotyledons and related taxa American Journal of Botany 81(3) 381-386
