

Indian Botanic Garden Library
BOTANICAL SURVEY OF INDIA

CLASS NO

BOOK No. **ALA-C**

ACC. NO. **B-8680**

A *Walnut*
CURIOUS HERBAL

Containing

FIVE HUNDRED CUTS,
of the most useful Plants,
which are now used in the Practice of
PHYSICK.

Engraved on folio Copper Plates,
after Drawings taken from;

the **LIFE**

Elie & Co. Paris *Blanchard & Co. London*

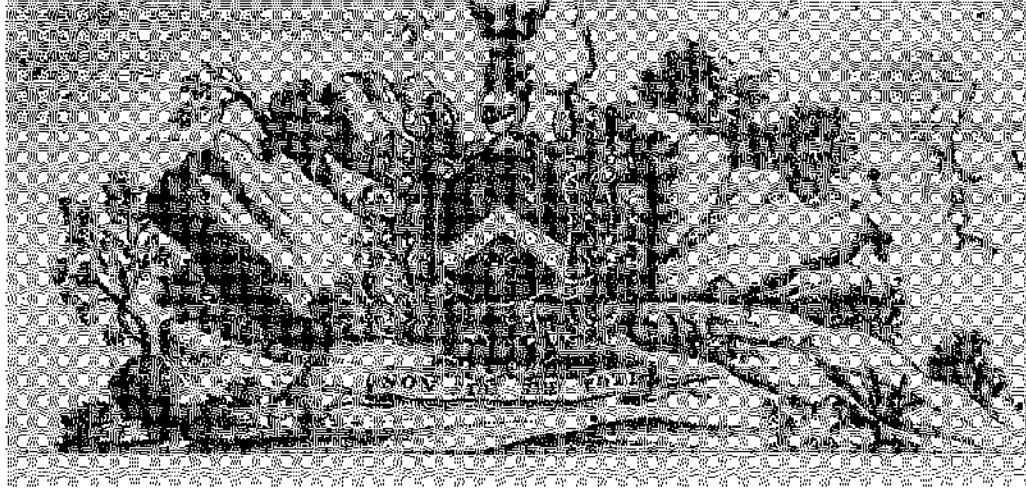

To which is added
a short Description of y^e Plants;
and
the uncommon Uses in PHYSICK:

VOL. I.

LONDON:

Printed for JOHN NOURSE, at the Lamb opposite
Katherine's in the Strand - 1733

*This UNDERTAKING was honoured with the following Publick
RECOMMENDATION by the Undersigned Gentlemen.*

London, October 1. 1735.

*We whose Names are underscriven, having seen a considerable Number
of DRAWINGS from which the PLATES are to be Engraved,
and likewise some of the COLOUR'D PLANTS, think it a
Justice done, & it is our Satisfaction with them,
and our good Opinion of the Capacity of the Undertaker.*

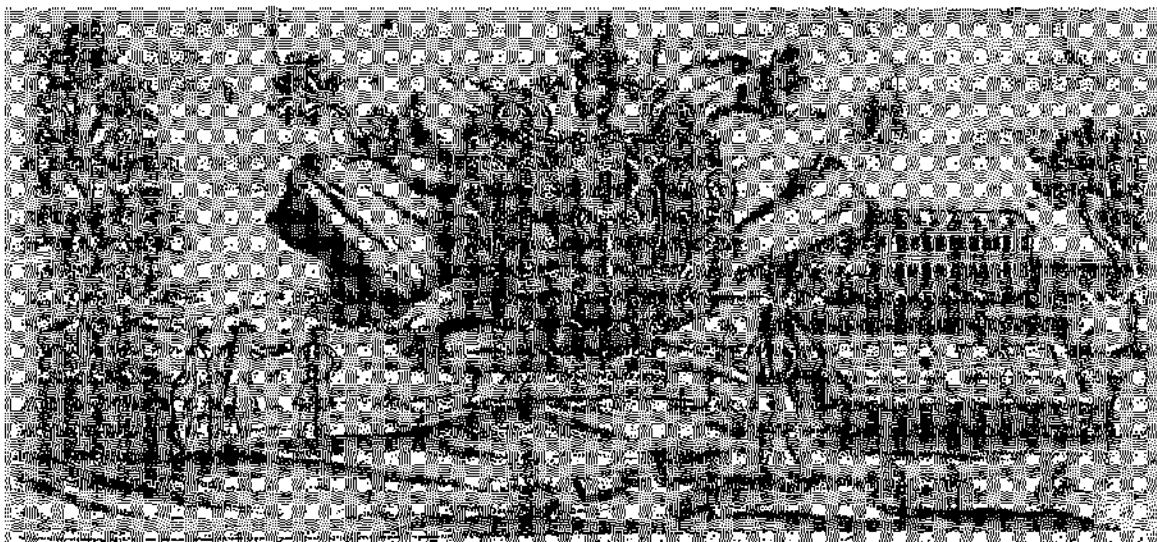

R. MEAD, MD.	IA. DOUGLAS, MD.	JOSEPH MILLER
G. L. TEISSIER, MD.	JAMES SHERARD, MD.	ISAAC KANE.
ALEX ^r STUART, MD.	W. CHESELDEN.	ROB. NICHOLLS.

*Les PERSONNES soussignées ont été
de cet OUVRAGE l'honneur de lui donner leur APPROBATION
de la manière suivante.*

Londres ce 1. Octobre, 1735.

*Nous soussignés, ayant vu un assez grand nombre des DESSINS
sur lesquels on doit graver les PLANCHES, de même que
quelques unes des PLANTES ENLUMINÉES, avons trouvé le
tout si bien fait, que nous avons conçu une idée avant
d'agréer de la part de l'AUTEUR de cet ouvrage, de croire
que le PUBLIC recevra cet ouvrage favorablement.*

R. MEAD, MD.	IA. DOUGLAS, MD.	JOSEPH MILLER,
G. L. TEISSIER	JAMES SHERARD, MD.	ISAAC RAND.
ALEX ^r STUART, MD.	W. CHESELDEN.	ROB. NICHOLLS.

To

ISAAC RAND Apothecary
and Fellow of the Royal Society

Sir

Your **READINESS** to **ASSIST** and **INSTRUCT**
me in this **UNDERTAKING** (which otherways
would have been very imperfect) is so visible to
every **JUDGE** who must know that I had no
SKILL in **BOTANY** that I am under a Necessity
to declare **THAT IT IS TO YOU I AM OBLIGED**
FOR EVERY COMPLETE PART OF THIS WORK
and therefore I hope you will accept of this small
ACKNOWLEDGMENT which **GRATITUDE**
obliges me to make.

I am with the greatest Respect and Esteem

Sir your much obliged
humble Servant
Elizabeth Blackmell.

Chelsea August 7th 1757.

1

Plate 217 - *Centaurea equina*.

- The stalks that bear the leaves are about 2 Foot high; the leaves are a bright green & the flowers brown.
- It grows in Ditches and marshy Grounds, flowering in Marek.
- Its root is accounted restruyvnt drying & binding, good to slop Siesta in Wounds, and all Haemorrhages in any part of the Body, Catamenia and Fluxus albus, Ulcerations in y^e Kidneys or Bladder, & vices.
- Greek, Τέντωγυς: Latin, E. usetum. Spanish, Goda de Mula. Italian, Goda di Cavallo. French, Zueve de Cheval. German, Rosschwanz. Dutch, Paardestaart.

Plate 218. Sea Scurvy Grass. *Tackieank Brtimruca manna*.

- It grows to be 8 Inches high, the leaves are a light green & the flowers white.
- This Scurvy Grass grows in great plenty by the Thames Side below Woolwich and flowers in March and April.
- This Plant is frequently used in Scorbatic the Garden Scurvy Grass, but wanting its fine volatile Part, it seem / not so prevalent; but abounding more in Saline it may be used to good Purpose as a Diuretic.
- Greek, Λαίν. Latin, Cochlearia Britannica. Spanish, Italian. French, Herbe aux Cuilliers. German, Dutch, Lepelbladen.

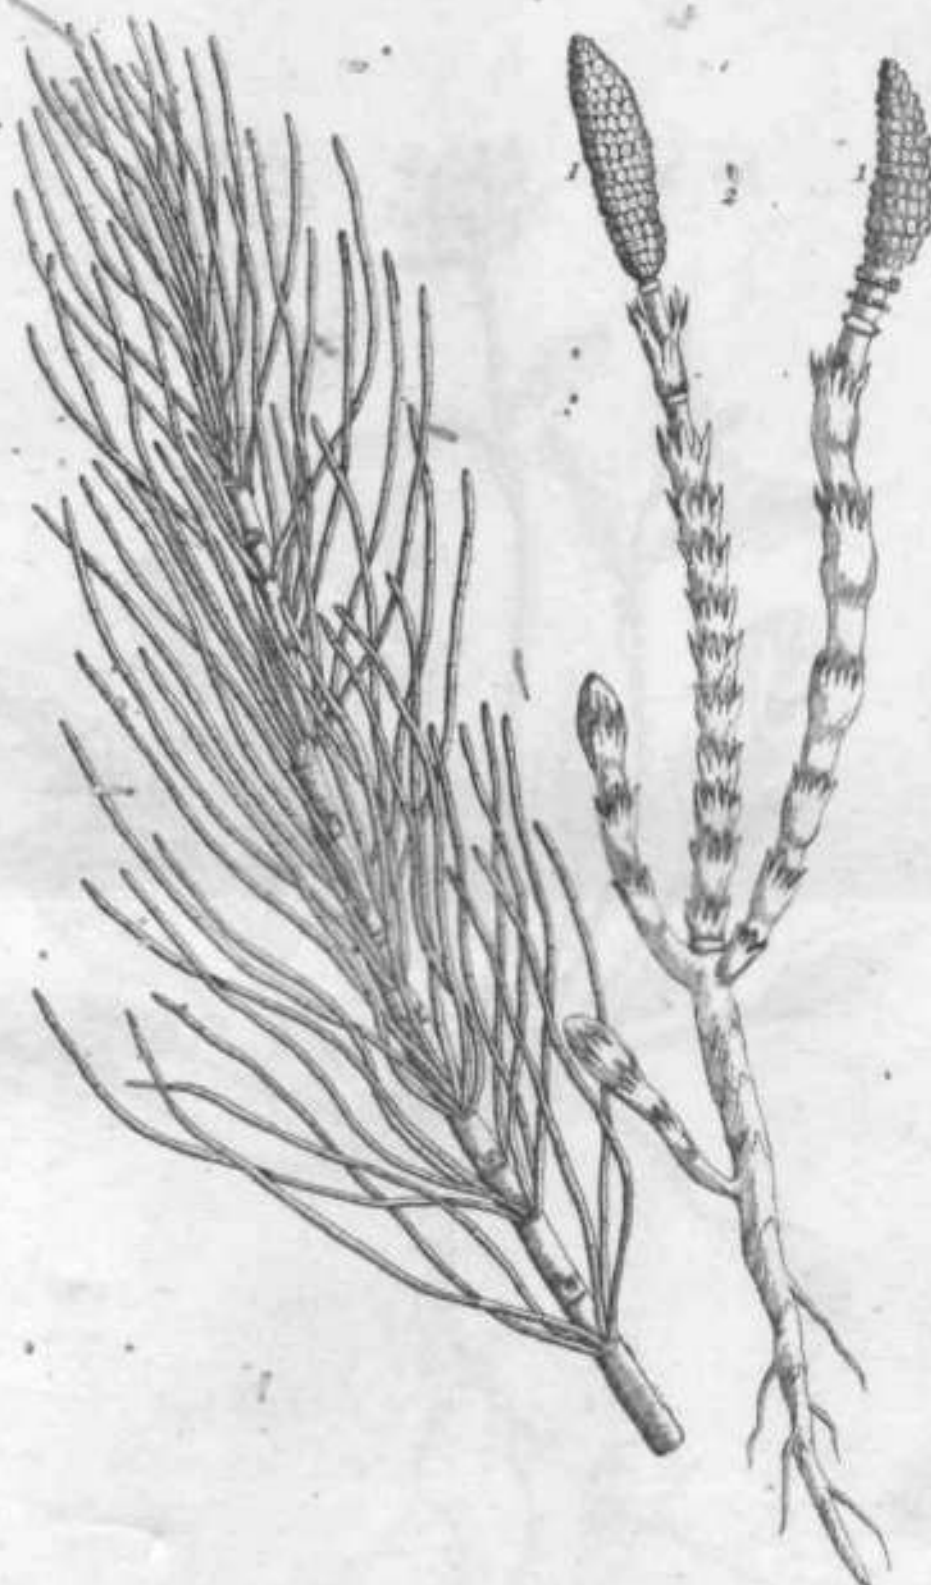

Plate 219. White Maiden Hair. *Adiantum album*.

- The stalks grow about 3 or 4 Inches high, the leaves a light green above, and brown underneath. **Seenua4h / y rvaJcn Of tie Seed.**
- It grows on old Walls, Waile & Buildings.
- This is one of the five. Capillary Herbs mentioned in the Dispensatory, & has the same virtues with the rest of the Maiden Hairs, being opening & attenuating and good for Distempers of the Lungs and Breast; and is useful in pectoral Decoctions and Diuretic Apozems.
- Greek, Ἀδίαρτον. * & # * . * * & * & * * muraria, or Salvia Vitae. Spanish, Culantrillo depozzo bianco. Italian, Capel Venere bianco. French, Capil Venere blancque. German, Frauen Har. Dutch, Steenruyte.

Plate

nigrum.

- This Maid are a bright green above, and brown underneath. round Seed.
- It grows in Shady places and at the foot of Trees.
- This is also one of the five. Its virtues are much the same as y^e common Maiden Hair, being useful for Coughs & all affections of y^e Lungs and Diseases of y^e Kidneys; Some commend it as good for the Jaundice.
- Greek, Ἀδίαρτον μέλον. Latin, Adiantum nigrum vulgare, or Onopeteris. Spanish, Culantrillo depozzo negro. Italian, Capel venere. French, Capil venere noir. German, Frauen Har. Dutch, Drouwen Hairkruyd.
