ERRATA.

... on the plate I, spinous letter press. These were being corrected in Calcutta while my ... and library are in ... I am ... say which is right, but believe the ... though less appropriate name, to be ... IW MM ... of Plate for Leguminosae Papilionaceae and Compositae Scrophulariaceae ... MM ... Chrysoideae, and Alcea Chrysoideae. When this figure was published I had not seen the ... and erroneously ... of its 4-celled ovary referred it the wrong genus. ... and Rhodantha Jack. I was not aware at the time of publishing this ... mt/tn ... with Jack's Rhodantha. My attention was first directed, by Mr. W. ... and I take the earliest opportunity of correcting the error.
